## Edinburgh Synchronised Swimming Club Development Plan 2018

#### **Vision statement**

Edinburgh Synchro is a vibrant and successful club, where swimmers can experience the fun and creativity of combining swimming, dance and gymnastics. Teamwork is essential.

The club is committed to helping children, and in particular girls, keep fit into adulthood. Swimmers can compete at both district and national levels or, once they have become proficient in the basics, can be part of our recreational squads. With swimmers from age 8 upwards, it is a great way to make new friends outside school.

We endeavour to keep swimmers in the sport once they have left school, via coaching, judging, as well as continuing to swim.
